Action Against Hunger

Providing innovative solutions to world hunger.

Action Against Hunger-USA is part of the ACF International Network, an agency established specifically to combat global hunger. The mission of Action Against Hunger is to save lives by eliminating hunger through the prevention, detection, and treatment of malnutrition, especially during and after emergency situations of conflict, war and natural disaster. Recognized worldwide as a leader in the fight against hunger, Action Against Hunger delivers programs in more than 40 countries, specializing in emergency situations of war, conflict, and natural disasters and longer-term assistance to people in distress. By integrating our programs with local and national systems we further ensure that short-term interventions become long-term solutions. 90 cents of every dollar donated goes to ending hunger.

Feeding America

The nation's food bank network.

Feeding America - The Nation's Food Bank

Network feeds America's hungry through a nationwide network of member food banks and engages our country in the fight to end hunger. It is the nation's largest charitable hunger-relief organization, with a network of more than 200 Member food banks and food-rescue organizations serving all 50 states, the District of Columbia, and Puerto Rico. Feeding America supports approximately 50,000 local charitable agencies operating more than 94,000 programs including food pantries, soup kitchens, emergency shelters, after-school programs, and Kids Cafes. Each year, the Feeding America Network provides food assistance to more than 25 million low-income hungry people in the United States, including more than 9 million children and nearly 3 million seniors. 90 cents of

every dollar donated goes to feeding the hungry.

Conservation International

Conserving Earth's living heritage and global diversity.

Founded in 1987, Conservation International (CI) is an innovative leader in global biodiversity conservation. Our mission is to conserve the Earth's living heritage, our global biodiversity, and to demonstrate that human societies are able to live harmoniously with nature. We apply innovations in science, economics, policy and community participation to protect the Earth's richest regions of plant and animal diversity in the biodiversity hotspots, high-biodiversity wilderness areas as well as important marine regions around the globe. CI believes that Earth's natural heritage must be maintained if future generations are to thrive spiritually, culturally and economically. With headquarters in Washington, D.C., CI works in more than 40 countries on four continents. 86 cents of every dollar donated goes to conserving our Earth.

Doctors Without Borders

Delivering emergency aid.

Doctors Without Borders, USA awards grants for emergency and medical relief projects to Médecins Sans Frontières (MSF) affiliates for overseas operations. MSF is an international independent medical humanitarian organization that delivers emergency aid to people affected by armed conflict, epidemics, natural or man-made disasters, or exclusion from health care in more than 70 countries. MSF was founded in 1971 to both provide emergency medical assistance and bear witness publicly to the plight of the people it assists. In emergencies and their aftermath, MSF provides health care, rehabilitates and runs hospitals and clinics, performs surgery, battles epidemics, carries out vaccination campaigns, operates feeding centers for malnourished children, and offers mental health care. 86 cents of every dollar donated goes to delivering emergency aid.

Earth Policy Institute

Dedicated to building a sustainable future.

Earth Policy Institute is dedicated to building a sustainable future as well as providing a plan of how to get from here to there. Since the publication of Silent Spring and the birth of the modern environmental movement, the environmental community has worked hard to arrest the deterioration of the Earth's health. Many battles have been won, but we are losing the war. The Earth's capacity to support the economy continues to deteriorate. The gap

between what we need to do to arrest the deterioration of the Earth and what we are doing continues to widen. Somehow we have to turn the tide. The purpose of the Earth Policy Institute is to provide a vision of what a sustainable economy will look like and a plan for how to get from here to there.

Sea Shepherd Conservation Society

Investigating violations, Enforcing laws, Protecting marine wildlife worldwide.

Established in 1977, Sea Shepherd Conservation Society (SSCS) is an international non-profit, marine wildlife conservation organization whose mission is to end the destruction of habitat and slaughter of wildlife in the world's oceans in order to conserve and protect ecosystems and species. Sea Shepherd uses innovative direct-action tactics to investigate, document, and take action when necessary to expose and confront illegal activities on the high seas. By safeguarding the biodiversity of our delicately-balanced ocean ecosystems, Sea Shepherd works to ensure their survival for future generations.

The Nature Conservancy

Protecting nature. Preserving life.

Founded in 1951, The Nature Conservancy is a leading conservation organization working around the world to protect ecologically important lands and waters for nature and people. Using a non-confrontational, collaborative approach, we work closely with partners, corporations, indigenous people and traditional communities in all 50 states and more than 30 countries. Our science-based plan achieves tangible results while striving to exercise integrity beyond reproach and to operate openly and transparently. The Nature Conservancy has protected more than 117 million acres of land and 5,000 miles of river around the world, and operates more than 100 marine conservation projects in 21 countries and 22 U.S. states. 78 cents of every dollar donated goes to protecting nature.

Union of Concerned Scientists

Citizens and scientists for environmental solutions.

The Union of Concerned Scientists (UCS) is the leading science-based nonprofit working for a healthy environment and a safer world. UCS combines independent scientific research and citizen action to develop innovative, practical solutions and to secure responsible changes in government policy, corporate practices, and consumer choices. What began as a collaboration between students and faculty members at the Massachusetts Institute of Technology in

1969 is now an alliance of more than 200,000 citizens and scientists. UCS members are people from all walks of life: parents and businesspeople, biologists and physicists, teachers and students. Our

achievements over the decades show that thoughtful action based on the best available science can help safeguard our future and the future of our planet. 80 cents of every dollar donated goes to working for a healthy environment and a safer world.

World Hunger Year

Innovative solutions to hunger and poverty.

Founded in 1975, World Hunger Year (WHY) is a leading advocate for innovative, community-based solutions to hunger and poverty. WHY challenges society to confront these problems by advancing models that create self-reliance, economic justice, and equal access to nutritious and affordable food. We support community-based organizations by offering job training, education and after school programs; increasing access to housing and healthcare; providing microcredit and entrepreneurial opportunities; teaching people to grow their own food; and assisting small farmers. WHY connects these organizations to funders, media and legislators. 88 cents of every dollar donated goes to ending hunger.
